## BEE'S WRAP

Skip plastic wrap and opt for reusable [Bee's Wrap](#) instead, which is one of our favorite tools for a waste-free kitchen and a great gift for cheese lovers as well. It's made from cotton coated with beeswax, jojoba oil, and tree resin—use it to wrap up cheese, vegetables, snacks, sandwiches, and more. (Bee's Wrap does not recommend using the wrap for raw meat and fish.) You can hand-wash it with cold water and dish soap, and compost it when it's spent.

## **incrEDIBLE EDIBLE SPOONS - Crunchy Eco Friendly Alternative to Compostable Cutlery**

Truly Sustainable: Plastic cutlery takes 1000 years to decompose - compostable products take equally as long if thrown in the trash. This makes Edible Spoons the most ECO-Friendly option for your special occasion.

- Durable: Each Spoon comes individually wrapped in a recyclable paper sleeve and will hold its structure for 30 minutes in an ice cream or a hot soup.
- Lightly Flavored: Made with a base of wheat, oat, corn, chickpea, and barley with a minimal amount of sweetness to preserve the taste of your treat.
- Earth-Saving: 100 million plastic utensils are used every day. As the first company to mass-produce edible cutlery, you can help us grow to put an end to this crisis. Saving the planet never tasted this good!
- Includes 1 box with 30 single-serve 7gm edible spoons. Individually wrapped for freshness and great taste. Fresh for 1 year past date on wrapper.

# WATER BOTTLES

**REFILL NOT LANDFILL** is the motto for **PATHWATER** and it should be everyone's motto. According to the **EPA** only 9% of the plastic that is recycled is actually recycled. This means about 99 billion non-reusable plastic water bottles are not recycled every year. Production of recycled plastic products has decreased. America generates over 35 million tons of plastic each year and most of it ends up in landfills or the ocean.

## Reusable Water bottle Benefits:

- Reusable water bottle reduces waste **REFILL NOT LANDFILL**
- Reusable water bottles are most cost effective
- Reusable water bottles last longer
- Reusable water bottles are safe for the environment if wisely chosen Look for **BPA FREE**
